

ALEXANDRA ZACH

829 NW Market St, Seattle, WA 98107 | 847-212-3858 | allyzach28@gmail.com | [@0xallyzach](#)

WORK EXPERIENCE

Messari

Enterprise Research Analyst

Remote

April 2022 – Present

- Authored over 50 long form research reports on L1s, L2s, NFTs, DeFi, and consumer applications
- Specialized in data-driven user analytics at network and application levels to uncover actionable insights
- Built advanced dashboards and data ingestion tools using SQL & Python to automate data analysis and visualization processes
- Designed a ChatGPT-powered slackbot for automated research database creation that increased team output and collaboration
- Collaborated with founders and research leads of top projects to enrich technical data and supplement research

Magnusson Klemencic Associates

Structural Engineer

Seattle, WA

July 2018 – March 2022

- Developed office-wide design and analysis tools using Excel, Visual Basic, and Python to enhance project efficiency
- Analyzed, designed, and coordinated the construction of over 7 million square feet of high-rise residential towers in Southeast Asia

KPFF Consulting Engineers

Structural Engineering Intern

Seattle, WA

May 2017 – August 2017

- Developed beam haunch, retaining wall and steel connection design for new REI headquarters
- Reviewed steel and rebar shop drawings for the International Arrivals Facility expansion at SeaTac airport

HNTB Corporation

Structural Engineering Intern, Bridge Design

Chicago, IL

May 2016 – August 2016

- Developed load rating for Detroit bascule bridge using CSIbridge analysis software and gravity load calculations
- Performed and documented fracture critical, element level and routine bridge inspections for Chicago bridges

EDUCATION

University of Illinois at Urbana-Champaign

Civil and Environmental Engineering with Minor in Business

M.S. May 2018

B.S. May 2017

Areas of Emphasis: Structural Engineering & Construction Management

Recognitions: James Scholar Honors Program, College of Engineering Dean's List

Awards: Engineering Visionary Scholar, C.S. and Ruth Monnier Scholarship, Corsetti Scholarship Fund

RESEARCH & TEACHING EXPERIENCE

Design of Structural Systems

Teaching Assistant, Dr. Daniel Abrams & Dr. James LaFave

Champaign, IL

January 2018 – May 2018

- Lead students in designing CEE 465 capstone project through lecture, in class studio sessions and collaboration
- Prepared submittal guidelines, in class assignments and lecture material for various structural engineering core topics

Steel Structures I

Teaching Assistant, Dr. James LaFave

Champaign, IL

August 2017 – December 2017

- Educated students in structural steel theory and the formulation and utilization of the AISC Steel Construction Manual
- Fostered an educational environment for CEE 460 through office hours, in class studio sessions and problem solving

University of Illinois Expansion and Planning

Research Assistant, Associate Dean Dr. Liang Liu

Champaign, IL

April 2015 – May 2018

- Collaborated with College of Engineering faculty to develop interactive University of Illinois campus Revit model
- Researched and designed future College of Engineering development, research and instructional building projects

General Education Course Data Project

Research Assistant, Assistant Provost and DMI Amy Edwards

Champaign, IL

November 2015 - January 2016

- Analyzed the University of Illinois' general education class data from past six years using Microsoft Excel
- Recognized trends in data to help faculty and board of directors understand changes in class enrollment

SKILLS & PROFICIENCIES

Python · PostgreSQL · Snowflake · Numpy · Pandas · Scikit-Learn · NetworkX · Figma · Excel · Plotly · Matplotlib · Github
